

## ADVENTURE PARK HUIMA – SAFETY INFORMATION

### Safety

Our Adventure Park is checked and certified by the TÜV (German Standards Authority), which means it has qualification approval with CE marking.

All our park instructors are trained in accordance to the standards laid down by the ERCA and the ACCT.

Inside the Adventure Park, all our guests are equipped with personal protective equipment; harness, helmet and safety ropes with belay systems. By following the given safety instructions, this equipment will guarantee safe and memorable outdoor adventure for you.

### Participant limits

- Children's course, minimum height 110cm, recommendation 120cm.
- Family courses (yellow, orange, red), minimum height 130cm.
- Youth courses (light blue, blue, purple), minimum height 150 cm.
- Adventurers under the age of 10 can only take part when their parent is with them.
- Adventurers the age of 10-14 years need to have necessary documentation signed by their parents with them.
- Adventurers the age of 15 or more can take part after acknowledging the rules and after they have signed the necessary documentation.

### Weather

Outdoor exercises are always dependent on prevailing weather conditions. Sometimes, due to bad weather (i.e. thunder or wind speed over 6 in Beaufort scale) we are forced to close some or all of the tracks in our Adventure Park.

Also, when the air temperature gets lower than –10 Celsius degrees, the Adventure Park will be closed.

It's good to pay attention to the fact, that when the Adventure Park needs to be closed due to prevailing weather conditions, paid entrance tickets will not be changed nor be refunded.

Please, get to know our safety rules in beforehand and sign up the form. In this way, once you get to the Adventure Park, you may just spend your time to enjoy the Arctic Adventure!
